## DANKWOORD – ACKNOWLEDGMENT

---

De uitvoering van dit promotie onderzoek was voor mij een enorme uitdaging. Het was niet altijd eenvoudig en ging ook zeker niet vanzelf. Maar vanaf het eerste begin was ik geboeid door het onderwerp en dat hielp me om dit onderzoek tot een goed einde te brengen. Gelukkig stond ik hierin niet alleen en heb ik altijd kunnen rekenen op de hulp van velen. Hierbij wil ik graag iedereen bedanken die een bijdrage geleverd heeft aan het onderzoek en het tot stand komen van dit proefschrift.

Een bijzonder woord van dank wil ik richten tot mijn beide promotoren. Beste Carlo en Hans, vanaf het begin hebben jullie mij het vertrouwen gegeven dat ik dit onderzoek tot een goed einde zou brengen. Ieder op jullie eigen wijze wisten jullie mij te motiveren en te ondersteunen op de lastige momenten. Carlo, jouw wetenschappelijke creativiteit (de opzet van de Alarm Stress Taak) en niet aflatende neiging een artikel nog eens te reviseren hebben het beste in mij naar boven gehaald. Hans, jouw enthousiasme voor dit onderzoek en jouw overtuiging dat de wetenschappelijke wereld ook enthousiast zou zijn, hebben tot een aantal mooie publicaties en presentaties geleid. Ook mijn copromotor Frits Goossens wil ik bedanken voor zijn bijdrage aan dit onderzoek. Heel erg bedankt voor jullie vertrouwen in mij en de plezierige samenwerking in de afgelopen jaren.

Een groot woord van dank wil ik richten tot de gezinnen die deelgenomen hebben aan het onderzoek. De kinderen van de turnvereniging, de kinderen in behandeling bij de Bascule en hun ouders wil ik danken voor hun tijd en medewerking aan de pilotstudie. De gezinnen uit de ‘extensieve steekproef’ die een dik pak vragenlijsten kregen opgestuurd wil ik bedanken dat zij de lijsten in groten getale hebben ingevuld en teruggestuurd. En de gezinnen uit de ‘intensieve steeproef’ die mij thuis hebben ontvangen, bereid waren om een lange middag of avond mee te werken, en mij vaak ’s avonds laat op het station wilden afzetten dank ik voor hun geduld en gastvrijheid. Ik heb heel veel bewondering voor de kinderen en jongeren die ondanks hun problemen, bereid waren om mij een kijkje te geven in hun wereld van gevoelens en gedachten, en wil ze bedanken dat ze niet boos waren als bleek dat ik ze een beetje had misleid.

Daarnaast wil ik prof.dr. F. Verhulst bedanken voor zijn gastvrijheid om mij een werkplek te bieden bij de onderzoeksafdeling van de polikliniek Kinder- en Jeugdpsychiatrie van het Sophia Kinderziekenhuis. Dr. R.F. Ferdinand wil ik bedanken voor zijn bijdrage als co-auteur en zijn begeleiding in de periode dat ik in Rotterdam werkte. Het had voor mij een belangrijke

meerwaarde om kennis te maken met het werk op de polikliniek en om gebruik te kunnen maken van de expertise van collega's. Dr. D. Bastiaansen, wil ik bedanken voor het beschikbaar stellen van zijn data van wave 1 en 2 en het vrijgeven van de mogelijkheid om de gezinnen opnieuw te benaderen voor follow-up. Beste Dennis, zonder jouw inspanningen voor wave 1 en 2 was dit onderzoek er niet geweest. De secretariaten van het Sophia Kinderziekenhuis en de Bavo RNO groep wil ik hartelijk bedanken voor de hulp bij het achterhalen van de adresgegevens van de gezinnen.

PI Research wil ik bedanken voor de financiering van dit onderzoek. De medewerkers van de Bascule wil ik bedanken voor het vragen van deelname aan de kinderen en ouders voor de pilotstudie.

De leden van de beoordelingscommissie, prof. dr. J.P. Allen, prof. dr. M.J. Bakermans-Kranenburg, prof. dr. W.H.J. Meeus, prof. dr. F. Verheij, en dr. G.H.M. Willemse, bedank ik voor hun bereidheid het manuscript kritisch te boordelen.

Mijn studentassistenten Vera von Lubke en Tessa Reedijk wil ik bedanken voor hun enorme hulp tijdens de dataverzameling. Vera, bedankt voor je hulp bij het uitwerken van de pilotstudie en het betrouwbaar observeren van het secure base gedrag. Tessa, bedankt dat je bereid was om 's avonds rond etenstijd met je autootje bij alle gezinnen langs te gaan waar we geen telefoonnummers van hadden. En enorm bedankt voor je hulp bij het Teleform gebeuren en het opruimen van de VU-AMS data. Deze grote klus was met jouw hulp opeens zo geklaard.

De Master studenten van de Erasmus Universiteit wil ik bedanken voor hun hulp bij het verzamelen van de data. Een groot woord van dank voor de studenten met een auto met navigatie systeem, waardoor we niet meer verdwaalden in de buitenwijken van Rotterdam. Ook bedank ik de VU Master studenten die alle observatie data hebben gecodeerd. Het spijt me dat ik zo streng moest zijn over jullie interbeoordelaars-betrouwbaarheid. Maar mede dankzij jullie doorzettingsvermogen is dit onderzoek een succes geworden.

Alle collega's van de afdelingen Orthopedagogiek en Ontwikkelingspsychologie wil ik bedanken voor hun gezelligheid, adviezen, en luisterend oor. De gezamenlijke lunches waren altijd een welkome onderbreking van de werkzaamheden. Ook de collega's van de helpdesk waren onmisbaar. Marwin en Tom, bedankt dat jullie er in geval van nood, maar ook voor een gezellig gesprek, altijd waren. Een bijzonder woord van dank aan mijn oud-kamergenoten Eva en Alain. Het was fijn om bij jullie terecht te kunnen op momenten dat ik het even minder zag zitten. Bedankt dat jullie er waren en op deze belangrijke dag naast me staan.

Mijn familie, vrienden en alle anderen die de afgelopen jaren hun belangstelling toonden voor mijn proefschrift wil ik hartelijk bedanken voor de warme betrokkenheid. Jullie belangstelling heeft mij goed gedaan en geholpen om het proefschrift af te maken. Mijn 'kleine' vrienden wil ik bedanken voor hun gezellige afleiding en dat ik mocht ervaren wat het betekent een veilige basis te zijn.

Lieve papa en mama, jullie hebben mij geleerd om het beste uit mijzelf te halen en door te zetten, ook als het niet vanzelf gaat. Jullie veilige haven en onvoorwaardelijke liefde en steun zijn heel belangrijk voor mij.

Lieve Sjoerd, jij geeft me de energie om door te gaan met de dingen die ik belangrijk vind. Jouw vertrouwen in mij is zo belangrijk voor me. Elke dag samen in de trein naar huis onze dag doorspreken - vaak ben ik pas klaar met mijn verhaal als we station Amersfoort binnenrijden. Bedankt dat je er altijd voor mij bent.

## CURRICULUM VITAE

---

Agnes Willemen werd op 26 juli 1979 geboren te Amersfoort. Ze behaalde in 1996 het HAVO diploma aan ‘t Hooghe Landt College eveneens te Amersfoort. In hetzelfde jaar begon ze aan haar studie HBO-Verpleegkunde aan de Hogeschool Holland te Diemen waar ze in 2000 afstudeerde. Daarna volgde ze de studie Pedagogische Wetenschappen aan de Universiteit Utrecht waar ze in 2003 afstudeerde in de richting Psychosociale Problemen. In het laatste jaar van haar studie volgde ze een onderzoeksstage aan de Katholieke Universiteit Leuven en schreef haar scriptie “Parenting adolescents at midlife”. Vanaf oktober 2003 was zij als promovendus in dienst van PI Research en gedetacheerd bij de afdeling Orthopedagogiek van de Vrije Universiteit te Amsterdam. Ten behoeve van de dataverzameling had zij in 2005 een werkplek bij de onderzoeksafdeling van de polikliniek Kinder- en Jeugdpsychiatrie van het Sophia Kinderziekenhuis in Rotterdam. Haar promotieonderzoek richtte zich op kinderen met psychische problemen, waarvan de resultaten in dit proefschrift zijn beschreven. Sinds oktober 2007 is zij verbonden aan de afdeling Orthopedagogiek als onderzoeker. Haar onderzoek richt zich op de rol van de ouder-adolescent relatie bij de ontwikkeling van probleemgedrag bij jeugdige delinquenten. Daarnaast werkt zij vanaf december 2008 samen met de psychosociale afdeling van het Emma Kinderziekenhuis aan een onderzoek naar de effectiviteit van een interventie voor chronisch zieke kinderen en hun ouders.
