TABLE OF CONTENTS

PART I: INTRODUCTION AND STUDY DESIGN

1	GENERAL INTRODUCTION	10
	Why a thesis and why this thesis?	10
	Hypothesis and research questions	11
	Severe mental disorders: focus on schizophrenia and bipolar disorder	11
	Clinical aspects of schizophrenia and bipolar disorder	12
	The Dutch healthcare system	14
2	RESEARCH AND STUDY DESIGN	20
	Registry data of Dutch health insurance companies: important considerations, limitations, and solutions	20
	Aim and outline	26
	Study design with timeline	29

PART II: STUDIES

3	STUDY 1: Schizophrenia in the Netherlands: Continuity of Care with Better Quality of Care for Less Medical Costs (published: Plos One 2016)	34
4	STUDY 2: Rising co-payments coincide with unwanted effects on continuity of healthcare for patients with schizophrenia in the Netherlands (published: Plos One 2019; short Dutch version NtvG 2020)	52
	SUPPLEMENT	67
5	STUDY 3: Rising co-payments and continuity of health care for Dutch patients with bipolar disorder: a retrospective longitudinal cohort study (published: BJPsych Open 2021)	74
	SUPPLEMENT	89
6	STUDY 4: The impact of antipsychotic formulations on time to medication discontinuation in patients with schizophrenia: a Dutch registry-based retrospective cohort study (published: CNS drugs 2021)	96
	SUPPLEMENT	113
7	STUDY 5: Discontinuity of psychiatric care for patients with schizophrenia, relation to previous psychiatric care and practice variation between providers: a retrospective longitudinal cohort study (published BMC Psychiatry 2021)	120
8	STUDY 6: Discontinuity of standard care and practice variation in patients with bipolar disorder (submitted)	137

PART III: CONCLUSIONS

9	SUMMARY AND GENERAL DISCUSSION	156
	General aim	156
	Major results of the six studies	157
	Comparison of the studies of patients with schizophrenia and patients with bipolar disorder: very similar results with some differences	160
	Major results in 10 Points	161
	Conclusion	164
	Strengths and limitations of methodology and study design	165
	Further research, lessons learned and advice	168
	Significance and advice for patients, providers, insurers, and the healthcare system	176

PART IV: APPENDICES

10	SUMMARY IN DUTCH / SAMENVATTING	180
	Inleiding	180
	Doel	181
	Gegevens en methoden	182
	Resultaten	183
	Aanbevelingen	186
	Conclusies	186
11	ACKNOWLEDGEMENTS IN DUTCH / DANKWOORD	187
12	CURRICULUM VITAE	190
13	LIST OF PUBLICATIONS	193
14	ABBREVIATIONS	196
15	REFERENCES	197
16	DISSERTATION SERIES	207
