Contents

Chapter 1

9

General introduction

Chapter 2

19

Muscle synergies during walking in children with cerebral palsy: a systematic review

Chapter 3

47

Neuromuscular control before and after independent walking onset in children with cerebral palsy

Chapter 4

67

Early development of locomotor patterns and motor control in very young children at high risk of cerebral palsy, a longitudinal case series

Chapter 5

103

Muscle synergies and coherence networks reflect different modes of coordination during walking

Chapter 6

131

General discussion
