CHAPTER 1	General introduction and outline of the thesis	10
Part One	Cisplatin-induced acute kidney injury	
CHAPTER 2	Incidence and risk factors for acute kidney injury in head and neck cancer patients treated with concurrent chemoradiation with high-dose cisplatin	30
Part Two	Chemotherapy-induced nausea and vomiting	
CHAPTER 3	Prophylactic treatment for delayed chemotherapy-induced nausea and vomiting after non-AC based moderately emetogenic mootherapy: a systematic review of randomized controlled trials	50
CHAPTER 4	Metoclopramide, dexamethasone, or palonosetron for prevention of delayed chemotherapy-induced nausea and vomiting after moderately emetogenic chemotherapy (MEDEA): a randomized, phase III, noninferiority trial	66
Part Three	Delirium	
CHAPTER 5	Identification of patients with cancer with a high risk to develop delirium	88
CHAPTER 6	Accuracy of the Delirium Observational Screening Scale (DOS) as a screening tool for delirium in patients with advanced cancer	108
CHAPTER 7	Olanzapine vs. haloperidol for treatment of delirium in patients with advanced cancer – a phase III randomized clinical trial	120
CHAPTER 8	Summarizing discussion and future perspectives	142
Appendices		
	Dutch summary (Nederlandse samenvatting)	158
	Acknowledgments (Dankwoord)	164
	About the author (Curriculum vitae)	168
	Bibliography	170
