## TABLE OF CONTENTS

Chapter 1:	General introduction and outline of the thesis	9
------------	--	---

### **Part 1: Implementation of robot-assisted and transanal total mesorectal excision**

Chapter 2:	Long-term oncological results after transanal total mesorectal excision for rectal carcinoma <i>Techniques in Coloproctology 2019</i>	25
Chapter 3:	Locoregional recurrences after transanal total mesorectal excision of rectal cancer during implementation <i>British Journal of Surgery 2020</i>	41
Chapter 4:	The learning curve of TaTME for rectal cancer is associated with local recurrence: results from a multicentre external audit <i>Colorectal Disease 2021</i>	63
Chapter 5:	Implementation of robot-assisted total mesorectal excision by multiple surgeons in a large teaching hospital: morbidity, long-term oncological and functional outcome <i>The International Journal of Medical Robotics and Computer Assisted Surgery 2021</i>	85

### **Part 2: Comparison of robot-assisted and transanal total mesorectal excision**

Chapter 6:	Comparison of laparoscopic versus robot-assisted versus TaTME surgery for rectal cancer: a retrospective propensity score matched cohort study of short-term outcomes <i>British Journal of Surgery 2021</i>	107
Chapter 7:	Laparoscopic versus robot-assisted versus transanal low anterior resection: 3-year oncologic results for a population-based cohort in experienced centers <i>Annals of Surgical Oncology 2021</i>	127
Chapter 8:	Three-year oncological results after total mesorectal excision for MRI-defined low rectal cancer <i>Submitted</i>	147
Chapter 9:	Implications of the new MRI-based rectum definition according to the sigmoid take-off: a multi-center cohort study <i>Submitted</i>	173

<b>Part 3:</b>	<b>Stoma related morbidity in total mesorectal excision</b>	
Chapter 10:	Morbidity and costs of diverting ileostomy in transanal total mesorectal excision with primary anastomosis for rectal cancer <i>Techniques in Coloproctology 2021</i>	197
Chapter 11:	Impact of a diverting ileostomy in total mesorectal excision with primary anastomosis for rectal cancer <i>Submitted</i>	215
Chapter 12:	General summary	243
Chapter 13:	General discussion and future perspectives	249
<b>Appendices</b>		
	Dutch summary / Nederlandstalige samenvatting	271
	PhD portfolio	279
	List of publications	281
	Acknowledgements / Dankwoord	285
	Curriculum vitae	289
