## Corrigendum

### Corrigendum to “The effect of psychotherapeutic interventions on positive and negative affect in depression: A systematic review and meta-analysis” [J. Affect. Disord. 202 (2016) 153–162]

Nikolaos Boumparis<sup>a,\*</sup>, Eirini Karyotaki<sup>a,b</sup>, Annet Kleiboer<sup>a,b</sup>, Stefan G. Hofmann<sup>c</sup>, Pim Cuijpers<sup>a,b</sup>

<sup>a</sup> Department of Clinical Psychology, VU University Amsterdam, Amsterdam, The Netherlands

<sup>b</sup> EMGO, Institute of Health Care Research, VU University Medical Centre, Amsterdam, The Netherlands

<sup>c</sup> Department of Psychological and Brain Sciences, Boston University, Boston, MA, United States

The authors regret the fact that a typographical error affected a p-value, which was mentioned in the manuscript. Specifically, in Section “3.7. Subgroup and sensitivity analyses” The original manuscript states: “The effect size decreased to a marginal extent for PA

( $g=0.37$ ), but bordered now on significance, ( $p=0.007$ )”. However, the p-value of PA was actually 0.07 instead of 0.007.

The authors would like to apologise for any inconvenience caused. DOI of original article: <http://dx.doi.org/10.1016/j.jad.2016.05.019>.
