**CONTENTS**

PREFACE .......................................................................................... 1  

CHAPTER 1 ..................................................................................... 5  

INTRODUCTION ............................................................................... 5  

1.1. CULTURAL LANDSCAPE PLANNING AND THE CALL FOR PARTICIPATION ................................................................. 5  

1.1.1. Definition and challenges of cultural landscapes .............. 7  

1.1.2. Public participation and the planning of rural cultural landscapes ............................................................... 11  

1.1.3. Participatory map-based methods for the planning of cultural landscapes .................................................... 14  

1.2. AN INTERDISCIPLINARY RESEARCH ................................... 20  

1.2.1. Research gap, scope and questions .............................. 20  

1.2.2. Research methodology ............................................... 23  

   Action research ....................................................................... 23  

   Case study methodology .................................................... 26  

   The choice of GIS-based methods .................................... 27  

   How the methodology relates to the conceptual framework and the case study context ................................................... 29  

1.2.3. Case study ............................................................... 30  

   Determining the area.......................................................... 30  

   Characterisation and history of the area ............................ 33  

   A changing landscape: physical and socio-economic trends 35  

   Existing planning strategies ............................................. 37  

1.2.4. Thesis outline and thesis-related publications .............. 42
3.2. A THREE-STEP APPROACH: COMBINING INSTRUMENTAL AND DELIBERATIVE APPROACHES ......................................................... 98
3.2.1. The case study: the Brindisi plain in the Apulia region (Italy) ............................................................................. 102
3.3. PRELUDE TO THE WORKSHOPS ........................................ 104
3.3.1. Inventory: the online map-based questionnaire ............. 105
3.3.2. The workshop settings .................................................... 106
3.4. WORKSHOPS RESULTS ................................................... 110
3.4.1. Design: citizens’ workshops ........................................ 110
3.4.2. Integration: experts’ workshops ................................. 115
3.4.3. Evaluation ............................................................... 120
3.5. CONCLUSIONS .................................................................. 122

CHAPTER 4 ......................................................................... 125
CULTURAL LANDSCAPE PLANNING IN RURAL CONTEXTS: A COMPARATIVE APPRAISAL BETWEEN GIS-BASED AND OTHER PARTICIPATORY METHODS ..................................................... 125
Abstract .................................................................................. 126
4.1. INTRODUCTION .................................................................. 127
4.2. THE FIVE CASE STUDIES .................................................. 130
   i. The Apulian case: a GIS-based approach ...................... 133
   ii. The British case: a discussion-based approach .......... 135
   iii. The Portuguese case: an interview-based scenario approach ........................................................................ 137
   iv. The Calabrian case: a multi-analysis scenario-based approach .......................................................... 138
   v. The German case: a GIS-based scenario approach ..... 140
4.3. A THREE-CRITERION APPRAISAL ...................................... 142
4.3.1. Inclusiveness .............................................................. 143
   Number and diversity of participants ......................... 143
   Integration of community heritage values .................. 144
