Sickness absence and return to work in workers with major depressive disorder

The Netherlands Depression Initiative in the occupational
healthcare setting

Monica Catharina Vlasveld

The study presented in this thesis was conducted at the Netherlands Institute of Mental Health and Addiction in Utrecht, The Netherlands, in cooperation with the EMGO+ Institute for Health and Care Research, Department of Public and Occupational Health of the VU University Medical Center Amsterdam, The Netherlands.

This study was part of the Depression Initiative, a national program aimed at supporting depression care in The Netherlands. The Depression Initiative was funded by the Foundation for Innovation of Health Insurers ('Innovatiefonds Zorgverzekeraars') in The Netherlands.

Financial support for the production of this thesis has been kindly provided by Achmea Schade & Inkomen, 365/ArboNed and Lundbeck B.V.

English title: Sickness absence and return to work in workers with major depressive disorder. The Netherlands Depression Initiative in the occupational healthcare setting.
Nederlandse titel: Verzuim en werkhervatting bij werknemers met een depressieve stoornis. Het Nederlandse Depressie Initiatief in the bedrijfsgeneeskundige setting.
