Contents

- Abbreviations
- Chapter 1 General introduction

Conventional MR imaging in (deep infiltrating) endometriosis
- Chapter 2 Deep infiltrating endometriosis of the bowel: MR imaging as a method to predict muscular invasion
- Chapter 3 MR imaging of bladder endometriosis and its relationship with the anterior uterine wall: experience in a tertiary referral centre
- Chapter 4 Appearance of abdominal wall endometriosis on MR imaging

Advanced imaging techniques
- Chapter 5 MR imaging in the evaluation of (deep infiltrating) endometriosis: the value of diffusion-weighted imaging
- Chapter 6 The value of MR diffusion-weighted imaging in differentiating DIE infiltrating the bowel wall from colorectal carcinoma
- Chapter 7 Magnetic resonance imaging of deep infiltrating endometriosis: comparison of a 2DT2-weighted TSE sequence and 3DT2-weighted TSE sequence with high sampling efficiency (SPACE)
- Chapter 8 Discussion and general conclusions
- Chapter 9 Summary / Nederlandse samenvatting
- Chapter 10 Addendum: An update of MR imaging in endometriosis
