PREFACE	VII
I. INTRODUCTION	1
1.1 A landscape-archaeological approach	1
1.1.1 The ecological approach	2
1.1.2 Landscape research in processual archaeology	3
1.1.3 Landscape archaeology – the post-processual approach	3
1.1.4 German ‘Siedlungsarchaologie’	4
1.1.5 The Dutch ‘Delta Archaeology’	5
1.2 Geographic information systems	5
1.3 Provincial-Roman archaeology in the North	7
1.4 Aims of this study	9
1.4.1 Study area	10
1.4.2 Tools	10
1.4.3 Methodological topics	11
1.4.4 Background of the study	12
1.4.5 Scale and limits of research	12
1.4.6 Chronological framework	12
1.4.7 Structure of the study	13
2. ON THE ROAD FROM TONGRES TO COLOGNE	15
2.1 Day one: Sint-Truiden to Tongeren	16
2.2 Day two: Tongeren to Maastricht	20
2.3 Day three: Maastricht to Heerlen	23
2.4 Day four: Heerlen to Jülich	28
2.5 Day five: Jülich to Thor-Bergheim	30
2.6 Day six: Thor-Bergheim to Cologne	31
3. MAPPING THE LANDSCAPES: FROM SOURCES TO DATASETS	33
3.1 Sources and the history of archaeological research	34
3.1.1 Dutch Limburg	34
3.1.2 German Rhineland	35
3.1.3 Belgian Limburg	37
3.2 Acquisition of data	38
3.2.1 Data acquisition in Belgian Limburg	38
3.2.2 Data acquisition in Dutch Limburg	41
3.2.3 Data acquisition in the German Rhineland	45
3.2.4 Sources of environmental information	47
3.2.5 Complications	47
3.3 Storing and visualising data: the geodatabase	48
3.3.1 Data visualisation	49
3.3.2 Reliability of information	51
3.3.3 Data storage	55

3.4	Data classification	56
3.4.1	Defining material evidence categories of the Roman landscape	57
3.4.2	Defining site types and levels of interpretation	58
	Settlement evidence	60
	Funerary evidence	62
	Road network evidence	63
	Evidence of specialist economic activities	64
	Evidence of specific Roman features	64
	Indefinable evidence	66
3.4.3	Spatial criteria	66
4.	INTRODUCING THE ARCHAEOLOGICAL DATASET	69
4.1	The overall Roman landscape	69
4.2	Classifying the Roman landscape	75
4.2.1	Category 1: settlement evidence	76
4.2.2	Category 2: burial evidence	77
4.2.3	Category 3: road network evidence	79
4.2.4	Category 4: evidence of specialist economic activity	81
4.2.5	Category 5: evidence of specific Roman features	82
4.2.7	Category 6: indefinable evidence	83
4.2.7	Conclusions	84
4.3	The Roman landscapes in detail	85
4.3.1	Category 1: settlement types	85
4.3.2	Category 2 : types of funerary evidence	92
4.3.3	Category 3: road network types	97
4.3.4	Category 4: specialist economic activity types	99
4.3.5	Category 5: specific Roman features	100
4.3.6	Category 6: indefinable evidence subtypes	103
4.4	Conclusions	105
5.	THE SETTLEMENT LANDSCAPES RECONSTRUCTED	107
5.1	The reconstruction process	108
5.1.1	Applying the method to the settlement evidence	112
5.1.2	Applying the method to the funerary evidence	113
5.1.3	Applying the method to indefinable evidence	115
5.1.4	Interpreting the new dataset	116
5.2	Rebuilding the settlement landscape	117
5.2.1	Reappraisal of the settlement evidence	117
5.2.2	Reappraisal of the funerary evidence	120
5.2.3	Reappraisal of the indefinable evidence	122
5.3	Exploring the reconstructed settlement landscapes	123
5.3.1	Micro-region 1	123
5.3.2	Micro-region 2	126
5.3.3	Micro-region 3	129
5.3.4	Micro-region 4	131
5.3.5	Micro-region 5	134
5.3.6	Observations and conclusions	137

5.4	Reviewing settlement density	140
5.4.1	The natural environment	141
5.4.2	The socio-economic environment	143
5.4.3	The influence of archaeological practices	144
5.5	Quantifying the settlement landscape	147
5.6	Stone or timber?	155
5.7	Final observations	156
6.	SETTLEMENTS AND THEIR ENVIRONMENT	157
6.1	Settlement patterns and the physical environment	160
6.1.1	Soils	160
6.1.2	Distance to water	178
6.1.3	Elevation, slope, and aspect	185
6.1.4	Settlements and the physical environment: conclusions	203
6.2	Settlement patterns and the socio-economic environment	204
6.2.1	Distance to a town	204
6.2.2	Distance to a main road	210
6.3	Observations and conclusions	218
7.	SUMMARY AND RECOMMENDATIONS FOR FUTURE RESEARCH	223
7.1	Results of this study	223
7.2	Recommendations for future research	227
	REFERENCES	231
	SAMENVATTING	243
	APPENDIX I	247
	APPENDIX 2	249
