# Table of Contents

**PART ONE**  
**GENERAL INTRODUCTION**

- Aims and outlines of the thesis  
  9

**Chapter 1**  
An update of Auto Immune Hepatitis: epidemiology, clinical aspects and treatment  
  17

**PART TWO**  
**EPIDEMIOLOGY AND CONCOMITENT DISEASES**

- Chapter 2  
  Epidemiology and clinical characteristics of Autoimmune Hepatitis in the Netherlands  
  39

- Chapter 3  
  Seroprevalence of celiac disease in patients with autoimmune hepatitis  
  59

- Chapter 4  
  Prevalence of Hepatitis E virus in autoimmune hepatitis patients: equivalent to the general Dutch population  
  69

**PART THREE**  
**GENETICS AND TREATMENT**

- Chapter 5  
  HLA-DRB1*0301 and HLA-DRB1*0401 modify the presentation and outcome in Autoimmune Hepatitis Type-1  
  83

- Chapter 6  
  Cytotoxic T Lymphocyte Antigen–4 +49A/G polymorphism does not affect susceptibility to autoimmune hepatitis  
  99

**PART FOUR**  
**TREATMENT WITHDRAWAL**

- Chapter 7  
  Relapse is almost universal after withdrawal of immunosuppressive medication in patients with autoimmune hepatitis in remission  
  113
