patients

Salima  
van Weely

performance-based  
assessment  
and prediction

**Salima van Weely (1975)** works as a physical therapist and researcher at Reade, centre for Rehabilitation & Rheumatology in Amsterdam, the Netherlands.

In 2006 she began collecting data for the research described in this thesis. She combined this with a Master in Health Sciences at the VU University in Amsterdam and graduated cum laude in 2010. Since 2014 she has been an associate member of the Assessment in

SpondyloArthritis international Society (ASAS).

Her future goal is to apply her knowledge and competencies to the interface between research and practice.

Her fields of interest are spondyloarthritis, clinimetrics, physical therapy, rehabilitation and health care policy.
