Table Of Contents

Chapter 1
Introduction 9

Part 1
Chapter 2
Methods for assessment of trunk stabilization: a systematic review. 21
Chapter 3
Identifying intrinsic and reflexive contributions to low-back stabilization. 45
Chapter 4
Trunk stabilization estimated using pseudo-random force perturbations: a reliability study. 63
Chapter 5
Effect of vision and lumbar posture on trunk neuromuscular control. 81
Chapter 6
Trunk stabilization with low-back pain: Identification of intrinsic and reflexive contributions of a heterogeneous patient population. 95

Part 2
Chapter 7
Interactions of touch feedback with muscle vibration and galvanic vestibular stimulation in the control of trunk posture. 113
Chapter 8
Effect of support surface stability on feedback control of trunk posture. 125
Chapter 9
Unpredictable tactile information interacts with the effect of lumbar muscle vibration in the control of trunk posture. 139
Chapter 10
Epilogue 151
