Epidemiological studies in Cuban schoolchildren

Suzanne Desirée van der Werff

The work presented in this thesis was performed at the Department of Health Sciences, VU University Amsterdam, the Netherlands, at the Department of Biomedical Sciences, Institute of Tropical Medicine, Antwerp, Belgium, at the National Institute of Hygiene, Epidemiology and Microbiology, Havana, Cuba, and at the Pedro Kourí Institute, Havana, Cuba.

The studies described in this thesis were funded by a grant of the Directorate-General for Development Cooperation within the Framework Agreement 2 (2003-2007) DGD-ITM 'IPK/INHEM/CUBA' project [ITM-DGD FA2 920501].

Financial support for the printing for this thesis has kindly been provided by the VU University Amsterdam.

**Nederlandse titel:** Allergie, intestinale wormen en hun associatie: epidemiologische studies in Cubaanse schoolkinderen
