# Contents

- Chapter 1** General introduction
- Chapter 2** Minimally invasive esophageal resection for distal esophageal cancer. A Review of literature. *Scandinavian Journal of Gastroenterology; Suppl 2006;123-134*
- Chapter 3** Thoracoscopic resection for esophageal cancer. A review of literature. *Journal of minimal access Surgery 2007;5;149-160*
- Chapter 4** Laparoscopic transhiatal resection for malignancies of the distal esophagus: Outcome of the first 50 resected patients. *Surgery 2008; 143:278-285*
- Chapter 5** Laparoscopic versus open transhiatal resection for malignancies of the distal esophagus. A comparison of two cohorts. *Submitted*
- Chapter 6** Immunological Consequences of Laparoscopic versus Open Transhiatal Resection for Malignancies of the Distal Esophagus and Gastroesophageal Junction. *Digestive surgery; 2008; 25:140-147*
- Chapter 7** Influence of circumferential resection margin on prognosis in distal esophageal and gastro-esophageal cancer approached through the transhiatal route. *Diseases of the Esophagus; in press*
- Chapter 8** Thoracoscopic esophagectomy in prone decubitus position followed by laparoscopy for esophageal cancer. Standardization of the operative technique and early results. *Submitted*
- Chapter 9** Systematic approach of postoperative gastric conduit complications after esophageal resection. *Diseases of the Esophagus; Accepted for publication*
- Chapter 10** Neoadjuvant Chemoimmunotherapy with Cisplatin, Gemcitabine plus GM-CSF in Locally Advanced Esophageal Cancer; a Phase II Study. *Submitted*
- Summary and conclusions**
- Samenvatting en conclusies**
