The contribution of ABC transporters to Dendritic cell development and function

Rieneke van de Ven

**The contribution of ABC transporters to
dendritic cell development and function**

Rieneke van de Ven

The work described in this thesis was performed within the division of immunotherapy of the Department of Pathology (head: Prof. C.J.L.M. Meijer) of the VU University medical center, Amsterdam, The Netherlands.

The research described in this thesis was supported by a grant from the Dutch Cancer Society / KWF-kankerbestrijding (KWF2003-2830). Parts of the work were supported through travel/work visit grants to the author by KWF-kankerbestrijding, The Netherlands society for scientific research (NWO) and the Netherlands society for Immunology (Nvvi).

Publication of this thesis was supported by a generous gift from: KWF-kankerbestrijding and Stichting researchfonds Pathologie

Cover and lay-out design: Rieneke van de Ven and Martijn van Balken

This thesis was printed by: Ipskamp Drukkers, Enschede, The Netherlands

ISBN: 978-90-9024019-0

copromotoren:

prof.dr. R.J. Scheper
dr. T.D. de Gruijl
dr. G.L. Scheffer

Ik ben een bloem
Kan niet zonder water
Ik ben er alleen
Als de mensen me zien
Gericht naar de zon
Ook bloemen gaan dood
Maar een bloem die je echt gezien hebt
Zul je je altijd herinneren

Janpaul Grotenhuis; januari 1990

I am a flower
Can't do without water
I will only be there
For people who see
Facing the sun
Even a flower will die
But you will always remember
The flower you truly saw

Janpaul Grotenhuis; January 1990

Ik draag dit proefschrift op aan mama en oma
This thesis is dedicated to my mom and my grandma
