The decline of NSAID gastropathy in rheumatoid arthritis

*In Greek mythology HERA, sister and wife of Zeus, is the goddess of marriage. HERA is also the acronym of the study considering *Helicobacter pylori* eradication in patients with rheumatoid arthritis and the use of anti-inflammatory drugs (NSAIDs) described in this thesis. *Helicobacter pylori* and NSAIDs can individually and jointly cause peptic ulcer disease.*

Cover illustration HERA	W. IJzerman-Lap
Cover design and lay-out	Astrid Ferdinand
Printed by	Ipskamp Drukkers
ISBN	978 90 8659 433 7

Studies presented in this thesis were financially supported by the Ziekenfondsraad (fonds Ontwikkelings-geneeskunde) and AstraZeneca bv.

Publication of the thesis was supported by AstraZeneca bv, the Dutch Arthritis Association, Wyeth Pharmaceuticals bv, Abbott bv, Schering-Plough bv, Roche Nederland bv, Actelion Pharmaceuticals Nederland bv and Nycomed bv.
