Tamara Janicke Meerhoff

geboren te Zaanstad
promotoren:  prof.dr. F.G. Schellevis
             prof.dr. J.L.L. Kimpen
copromotor:  dr. W.J. Paget
There are two devices which can help the sculptor to judge his work: one is not to see it for a while. The other... is to look at his work through spectacles which will change its color and magnify or diminish it, so as to disguise it somehow to his eye, and make it look as though it were the work of another...

Gian Lorenzo Bernini -lived 1590-1680
