INTRODUCTION	3
Moving away from a US-centric approach	8
Escalate to avoid losing: Diversionary use of force and Prospect Theory	14
Implications for future research.....	17
CHAPTER ONE Diverting from Domains: Re-reading the Diversionary Use of Force Literature from a Prospect-Theoretical Perspective	20
Abstract.....	20
I. Assessing Prospect Theory Outside the Laboratory.....	20
II. Diversionary Use of Force Literature as an Unintended Test of Prospect Theory.....	22
III. Politically Insecure, Yet Not in a Domain of Losses: Imminent Elections and the Use of Force	25
IV. Conclusion	27
CHAPTER TWO: Politics pursued by military means: Presenting the Government Responses to Military Interventions Dataset, 1990-2014	28
I. Which puzzles can be solved?	30
II. The Government Responses to Military Interventions Dataset.....	35
Unit of analysis: the government response.....	35
Case selection: the extension of the IMI-dataset.....	39
Description of the government response variable.....	42
(1) The number of troops	44
(2) Type of troops	48
(3) Duration	49
(4) Military casualties	51
III. Conclusion.....	53
CHAPTER THREE: Rally around all the flags: The effect of military casualties on incumbent popularity in 10 countries 1990-2014	56
I. Testing casualty aversion.....	59
II. Rally 'round all the flags?.....	61
III. Design and methods.....	64
Description of the dependent variable	64
IV. Estimation method	71
V. Findings	72

V. Conclusion & discussion.....	80
CHAPTER FOUR:	84
Don't mention the war vs escalating commitment: political party responses to military casualties	84
I. Strategic options of government parties.....	87
II. Strategic options of opposition parties	90
III. Ideology, 9/11, and commitment	92
IV. Design and methods	94
Description of the dependent variable	94
Description of the independent variables	96
Estimation method	99
V. Do parties become more positive or more negative about the military?	102
VI. Robustness checks.....	104
VII. Conclusion & discussion	105
CHAPTER FIVE “Well, that escalated quickly”	109
Testing changes in troop commitment during military interventions (1990-2014).....	109
I. When success matters	113
II. Strategic options for governments	114
III. Domestic political indicators.....	120
IV. Design and methods.....	121
Unit of analysis and Dependent variable	122
Independent variables.....	124
Estimation Technique	128
V. Do governments increase their commitment?.....	130
VI. Does a secure position in office matter?	136
VII. Robustness checks.....	138
VIII. Conclusion and discussion.....	139
References	143
APPENDIX ONE: Codebook: Government Responses to Military Interventions Dataset 1990 – 2014	167
I. Background and Definitions.....	167
II. Variable list.....	169
III. Additional variable information	171
Troops	171

Military casualties.....	176
Troop type.....	178
Operation and Source.....	179
APPENDIX TWO: CHAPTER THREE ROBUSTNESS ANALYSES	184
I. DATA	184
Dependent variable.....	184
Independent variable	186
II. Robustness analyses	188
APPENDIX THREE: CHAPTER FOUR ROBUSTNESS ANALYSES.....	214
I. DATA	214
Dependent variable.....	214
Independent variable	214
II. Robustness analyses	216
III. Decision making procedure per country	225
Voting on Libanon.....	225
Second Gulf War.....	226
Balkan war.....	227
Somalia.....	228
Afghanistan.....	229
Iraq	229
APPENDIX FOUR: ROBUSTNESS ANALYSES CHAPTER FIVE.....	230
I. Data	230
Conflicts.....	230
Polls.....	232
II. Robustness analyses and multicollinearity tests	233
