AUTHOR CONTRIBUTIONS

Authors' initials

Annemijn Loermans – AL

Lydia Krabbendam – LK

Bjorn de Koning – BK

Taciano Milfont – MF

Chapter 2

AL reviewed the literature, wrote all drafts, and revised the manuscript based on reviews. LK and BK gave feedback on all drafts and provided supervision.

Chapter 3

Both authors contributed equally. AL reviewed the literature, analyzed data, wrote the first draft, revised later drafts, and revised the manuscript based on reviews. TM conducted the study, analyzed data, revised all drafts, and revised the manuscript based on reviews.

Chapter 4

AL reviewed the literature, conducted the studies, analyzed data, and wrote all drafts. LK and BK gave feedback on all drafts and provided supervision.

Chapter 5

AL reviewed the literature, conducted the studies, analyzed data, and wrote all drafts. LK and BK gave feedback on all drafts and provided supervision.

Chapter 6

AL reviewed the literature, conducted the study, analyzed data, and wrote all drafts. LK and BK gave feedback on all drafts and provided supervision.
