Research output

Mobile Application supported Urban-Township E-grocery Distribution

Strategic partner evaluation criteria for logistics service provider networks

What is the right delivery option for you? Consumer preferences for delivery attributes in online retailing

Individual goals and social preferences in operational decisions: Behavioural insights from transport planning

Cross-sector humanitarian–business partnerships in managing humanitarian logistics: an empirical verification

A simulation–optimization approach for a service-constrained multi-echelon distribution network

Assessing and facilitating warehouse safety

Consumer behaviour and order fulfilment in online retailing – A systematic review

A review of system dynamics models applied in social and humanitarian researches

Using Life Cycle Sustainability Assessment to trade off sourcing strategies for humanitarian relief items

Ecologically friendly sourcing in developing countries: a non-food case study
Toward a dynamic balanced scorecard model for humanitarian relief organizations’ performance management

Humanitarian-Business Partnerships in Managing Humanitarian Logistics

Supply chain integration strategies in fast evolving industries

Sales forecasting as a service: A cloud based pluggable e-commerce data analytics service

An empirical analysis of humanitarian warehouse locations
de Leeuw, S. L. J. M. & Mok, W., 2016, In : Journal of Operations and Supply Chain Management. 9, 1, p. 55-76

Beyond the curriculum: Integrating sustainability into business schools

Estimating transportation cost functions for improved supply chain optimization models

Factors affecting global inventory prepositioning locations in humanitarian operations – a Delphi study

Logistics services and Lean Six Sigma implementation: a case study

Preparing for new competitive challenges: Special Issue on the 24th Annual IPSERA Conference

Trade-offs in managing commercial consumer returns for online apparel retail

Collaborative planning in logistics service providers networks

Consumer Preferences for Delivery Options in Online Retailing: A Conjoint Analysis

Enhancing Sustainability in Managing Inventory Prepositioning Networks for Disaster Relief Through a Simulation Game
Humanitarian Logistics and Sustainability

Humanitarian Operations Management (editorial for the special issue on Humanitarian Operations and Supply Chain Management)

Modelling Impact of Key Success Factors in Humanitarian Logistics

Serving the world (editorial for the special issue on the 2012 World Production & Operations Management conference)

Sustainability in Humanitarian Logistics—Why and How?

The Fresh Connection: Inter-Functional Integration in Supply Chain Management

The impact of Mean Time Between Disasters on inventory prepositioning strategy

The value of fourth-party logistics services in the humanitarian supply chain

Warehouse manpower planning strategies in times of financial crisis: evidence from logistics service providers and retailers in the Netherlands
de Leeuw, S. L. J. M. & Wiers, V. C. S., 2015, In : Production Planning & Control. 26, 4, p. 35-60

What Explains Supply Chain Success of Projects in Humanitarian Supply Chains?

A dynamic dispatching and routing model to plan/replan the logistical activities in the response phase of an earthquake

Assortment introduction times in apparel retailing: a model-based clustering approach

Humanitarian supply chain performance management: a systematic literature review
An integrative model for Lean Six Sigma implementation in logistics services environments

Assessing complexity of supply chains: evidence from wholesalers

Exploring product-level sales cannibalization between bricks and clicks

Factors determining warehouse locations in the European fashion and consumer electronics industry

Is Ignorance Bliss? Supply chain vulnerability and risk management practices in the Netherlands

Managing the last mile of the supply chain for spare parts

Measuring Green House Gas Emissions for Optimizing the Greenness of Supply Chain Logistics

Experiential learning using the Fresh Connection

Exploring logistics aspects of flood emergency measures

Improving operational performance by influencing shopfloor behavior via performance management practices

Manpower planning strategies in times of financial crisis: evidence from logistics service providers and retailers in the Netherlands

Supply chain process benchmarking using a self-assessment maturity grid

The impact of decentralised control on firm-level inventory: evidence from the automotive industry

Hoogste tijd goed voorbereid te zijn
Conceptualising inventory prepositioning in the humanitarian sector

Towards a reference mission map for performance measurement in humanitarian supply chains

What really matters in locating shared humanitarian stockpiles: Evidence from the WASH cluster

Drivers of close supply chain collaboration: one size fits all?

Logistics aspects of emergency preparedness in flood disaster prevention

Niets is practischer dan goede theorie

Supply chain oriented performance measurement for automotive spare parts

Voorraadbeheer in perspectief; zeven invalshoeken van het vak

The Selection of Distribution Control Techniques

Distribution control at exhaust systems Europe

Synergie in de fysieke distributie: 1+1>2?

Prizes
Collaborative planning in logistics service providers networks
N. Hofstra (Recipient), W.E.H. Dullaert (Recipient) & S.L.J.M. de Leeuw (Recipient), 2015

Highly Commended paper of the International Journal of Lean Six Sigma
S.L.J.M. de Leeuw (Recipient), 2017

Highly Commended paper of the Journal of Humanitarian Logistics and Supply Chain Management
S.L.J.M. de Leeuw (Recipient), 3 Jul 2018
NWO TOP Grant: Netwerkplanning en contractontwerp voor ketenbesturing in geldnetwerken
S.L.J.M. de Leeuw (Recipient), 2014

Outstanding reviewer for the Journal of Humanitarian Logistics and Supply Chain Management
S.L.J.M. de Leeuw (Recipient), 3 Jul 2018

PhD project "Capitalizing on collaboration in sustainable logistics in food and flower chains".
W.E.H. Dullaert (Recipient) & S.L.J.M. de Leeuw (Recipient), 2014
